GLOBAL MEDICAL RESPONSE SIGNS AGREEMENT TO PURCHASE ASSETS OF MED EXPRESS AMBULANCE SERVICE

*Med Express Local Leadership and Team Members Now Have the Backing of a Nationally
Recognized Medical Transportation Company*

(FIDDLERS GREEN, Colo.) – Global Medical Response (GMR) and Med Express Ambulance Service leaders announced today that they have signed an agreement for GMR to purchase the assets of Med Express. The company, headquartered in Alexandria, La., has 350 team members and a fleet of 70 ambulances, wheelchair vans and support vehicles. The employees will continue to serve their local communities under the Med Express brand as the company becomes part of the GMR family.

Mark Majors, CEO of Med Express, said the company has provided outstanding emergency medical service to more than a half-million Louisiana residents for nearly 30 years. “The Med Express roots run deep, and we have a strong commitment to our mission of caring for our local communities. This is a positive move forward for everyone here in Louisiana, as GMR has the breadth of resources to continue supporting and providing outstanding services for our team members and our Louisiana communities.”

Majors said Med Express has worked with Air Evac Lifeteam, an emergency air ambulance team that is part of the GMR family, for several years.

Randy Owen, CEO for GMR, said the Med Express tradition of care will continue with the acquisition. “GMR is pleased to continue providing ground EMS service in Louisiana with the strong team at Med Express. Together, Med Express and Air Evac Lifeteam will provide clinical excellence and medical transportation to patients in need.”

Owen added the strength of GMR is found in the diversity of services the company offers. GMR provides fire service for the oil and gas industry and airport fire rescue services in Louisiana. “We also offer our Access2Care technology solutions that allow health systems to request an ambulance online, a service we provide in many areas of the country. We are proud to bring these innovations to the Med Express customers in Louisiana.”

About Med Express Ambulance Service

Med Express Ambulance Service employs nearly 350 men and women who provide emergency, non-emergency and wheelchair transports for Louisiana residents. In 2020, Med Express completed 50,000 medical transports.

About Global Medical Response

With more than 38,000 employees, Global Medical Response delivers compassionate, quality medical care, primarily in the areas of emergency and patient relocation services in the United States and around the world. GMR was formed by combining the industry leaders in air, ground, managed medical transportation, and community, industrial/specialty and wildland fire services. Each of our companies has a long history of proudly serving the communities where we live: American Medical Response (AMR), Rural Metro Fire, Air Evac Lifeteam, REACH Air Medical Services, Guardian Flight, Med-Trans Corporation and AirMed International.
